

Affordable, contemporary lighting.
Perfect for residential or commercial applications.

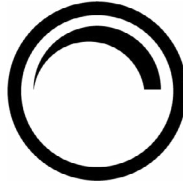

Economy that performs.

The surface mount's edge-lit technology uses a reflective panel that disperses light through a diffused lens, which creates smooth, uniform distribution and reduces glare. All models are compatible with Triac dimming systems and 90CRI for accurate color rendering.

90 CRI
available

Dimmable
Dims down
to 10%

Versatility is key.

At just under 1" high, this new surface mount family has a contemporary, ultra-low-profile aesthetic that add a modern, unobtrusive look to any space. Available in square and rectangular shapes and in four sizes, they're versatile enough for both commercial and residential applications that require simple, affordable LED lighting.

JAB compliant.

Available in
Energy Star models.
